Recruiting & Staffing Temporary/Contract/Permanent

Did you know that 40% of the energy industry's professionals are eligible for retirement by 2010? This issue is magnified by the fact that there are fewer young professionals in the energy sector today. PFS has the answer to your staffing needs.

We have been placing talent in the industry for over 6 years and are very good at what we do--placing the most qualified industry professionals in specialized engineering, geosciences, land, and administrative positions.

Simply said, our company is unique and beyond compare to any other recruiting firm in the region. PFS recruiters are good listeners, knowledgeable, reliable and will find your next employee, guaranteed. Our recruiters know that you are the reason for our business and that is why we are brilliant at what we do.

PFS guarantees all of our placements!*
